

Draw background, ground, sun, mountains, cactus, clouds and characters.

Draw the clouds at random Y positions.

Draw the sun at the mouse's coordinates. It moves following the mouse.

Left player presses Z to shoot. If they shoot before "Draw!" appears, they lose. If "Draw!" has appeared and they shoot first, they win.

Right player presses M to shoot. If they shoot before "Draw!" appears, they lose. If "Draw!" has appeared and they shoot first, they win.

Draw appears after a random amount of time has passed. This time can range anywhere from 1 to 30 seconds.

Draw sand grain by repeating points at positions that increase every time it repeats.
